

NEW LOOK FOR LIBRARY WEBSITE

THE UNIVERSITY OF
NEWCASTLE
AUSTRALIA

LIBRARY
NEWSLETTER

We've updated the look of our Library Website

We've updated our Library website to match the look of the University website.

We've streamlined the site to make it easier for you to find things. You may find that your favourite webpage has moved, but all the important information should still be there.

New Features Include:

- On the right-hand side of most pages you'll find a search box to find materials in the Library Catalogue.
- Library Shortcuts, below the search box, allow you to jump to your most important information.
- New 'News' and 'Events' section to keep you up to date.
