

# COMPLETING YOUR APPLICATION FORM

## Closing dates

Closing dates are not applicable for general RHD candidature applications with the exception of PhD Clinical Psychology and PhD Health Psychology. Candidates may commence on almost any week day of the year.

### The closing date for PhD Clinical Psychology and PhD Health Psychology is 1 October each year.

There are additional criteria that must be addressed by applicants for these two programs. For details, please go to [www.newcastle.edu.au/students/research-higher-degree/future-students](http://www.newcastle.edu.au/students/research-higher-degree/future-students)

**Applications for 2012 scholarships close 31 October 2011.** Scholarship applications received after this date will not be considered. If you miss the closing date in 2011 and wish to apply for a scholarship in the following year you will need to submit an application between 1 January and 31 October 2012.

## Conditions of application

- Applicants will be assessed on the information provided.
- The application form must be signed and dated.
- Applications will only be considered if all relevant supporting documents are provided.
- A valid email address should be provided.
- Applicants will be required to accept their offer and to enrol in their program via the University's online student self service website 'myHub' at <http://myhub.newcastle.edu.au>

## Documentation

Please retain a full copy of your application. Certified copies of all previous qualifications including testamurs (if applicable) and academic transcripts with grading system descriptions must be provided. If transcripts only are provided they must clearly state that the qualification was awarded, and the date of award.

If academic qualifications are in a language other than English, official English translations must be provided as well as certified copies of the original documents.

Do not send original documents as they will remain the property of the University for the purposes of this application only. The copies must be verified as true copies by either:

1. an official stamp and signed and dated by an authorised person of a recognised tertiary or higher education institution (this includes staff in the Office of Graduate Studies)
2. a Justice of the Peace, identified by name, JP number, address and phone number

3. anyone who is currently employed as:

- an accountant
- a bank manager
- a credit union branch manager
- a barrister, solicitor or attorney
- a police officer of the rank of sergeant or above
- a postal manager
- a principal of an Australian secondary college, high school or primary school.

## Completing the form

One application form is used for both research higher degree candidature and for scholarship. The numbers below correspond with the question numbers on the application form. Read these instructions carefully and ensure that all questions are completed. Incomplete applications cannot be processed.

### Step 1 – Student number

If you have previously been enrolled at the University of Newcastle print your previous student number in the area provided.

### Step 2 – Personal details

Provide your current personal details. If you are seeking admission on the basis of qualifications gained under another name you need to attach certified evidence of your name change before your application can be assessed.

### Step 3 – Contact details

Include an area code with your telephone number(s). If you change address after lodging this application please advise the Office of Graduate Studies.

### Step 4 – Citizenship

All applicants, including those born in Australia, must provide certified evidence of Australian citizenship or permanent residency. If you are not an Australian citizen or permanent resident you are ineligible to apply on this form and need to contact the International Admissions Office on +61 2 4921 6595.

### Step 5 – English proficiency

An applicant who does not speak English as a first language must satisfy one of the English language requirements as outlined in the English Proficiency Policy, available at [www.newcastle.edu.au/policy/000104.html](http://www.newcastle.edu.au/policy/000104.html)

### Step 6 – Aboriginal/Torres Strait Islander origin

All applicants are invited to complete this section.

### Step 7 – Current enrolment

Provide details of any current enrolment. An academic transcript should be provided evidencing your enrolment at all institutions. It is a requirement of the Research Training Scheme that all previous enrolments for an incomplete research program at another institution be disclosed to your intended institution.

### **Step 8 – Scholarship details**

Provide all details of scholarships you are receiving or have previously received.

### **Step 9 – Tertiary studies**

Supply details of all tertiary/higher education studies undertaken including the status of the study (completed, incomplete, currently studying) and dates commenced and completed.

### **Step 10 – Relevant experience and employment**

Provide details in the space provided or attach a Curriculum Vitae detailing relevant experience and employment.

### **Step 11 – Research experience/publications**

Provide details of any research or development work undertaken to date. A statement verifying your research experience from a previous supervisor should be submitted with your application. Evidence of claimed publications/exhibitions/research attainments must be provided by scholarship applicants. Include a copy of the abstract as proof of authorship of any published papers.

### **Step 12 – Referees**

List the names and email addresses of academic/professional referees. If possible, one referee should be a senior member of academic staff of the university in which you gained your degree.

### **Step 13 – Proposed program**

Please state the code, level and name of the program for which you wish to apply. Please refer to the table of programs and codes at the back of this prospectus. Indicate at which campus you propose to undertake the program: Callaghan or Ourimbah.

#### *Off-campus enrolment*

Normal expectation is that studies are undertaken on campus. However, it is possible to apply for off-campus candidature if you reside and work outside a 50-kilometre radius of the Callaghan or Ourimbah campuses. If you wish to be considered for off-campus candidature please complete the Variation to Candidature form at [www.newcastle.edu.au/students/research-higher-degree/forms.html](http://www.newcastle.edu.au/students/research-higher-degree/forms.html) and submit it with your application.

Note that if approval is granted for off-campus candidature, you will be responsible for providing your own resources and you should be aware that the University does not provide special services should you wish to undertake this mode of study.

### **Step 14 – Proposed commencement**

Provide your anticipated commencement date. Research candidates may commence at any time of year. If coursework is recommended as a component of your research higher degree the usual semester dates will apply.

### **Step 15 – Proposed study load**

Indicate your proposed study load as either full-time or part-time. Please note that scholarship holders are normally required to be enrolled on a full-time basis.

### **Step 16 – Research proposal**

A statement outlining the proposed area of research must be attached to the application form. Please refer to the Research Proposal Template on page 48 for assistance with preparing a proposal. Sufficient detail is required to enable the Faculty to determine that it has the resources, including suitably experienced supervisors, to support your candidature.

### **Step 17 – Ethics and Safety Approval**

It is a University requirement that research projects that involve the use of animals or the use of human subjects receive prior ethical clearance. Some research projects also require safety clearance.

While the responsibility for this rests with your supervisor, it is expected that you will be actively involved in drafting information and preparing documents to lodge with your ethics or safety application. Detailed guidelines are included with the applications for animal or human ethics clearance and are available from the School/Faculty offices or the Research Office.

In some instances applications are also required for ethics clearance from other institutional ethics committees, such as Hunter New England Health or the Department of Education and Training.

If you know that your research will require clearance please indicate this at question 17. If you do not know, you should raise this issue with your supervisor at the beginning of your candidature.

### **Step 18 – Impairments**

The University can provide support services for people with impairments or a long term medical condition that may affect studies. Please indicate any impairment you have and visit [www.newcastle.edu.au/service/disability](http://www.newcastle.edu.au/service/disability) for further information on support services.

### **Step 19 – Signing your form**

Please read then sign the declaration. If you choose to cross out any part of the declaration your application will not be processed.

### **Step 20 – Application checklist**

Use the application checklist to confirm your application is complete.

# RESEARCH PROPOSAL TEMPLATE

When preparing an application for entry into a research higher degree program it is necessary to supply a clear statement describing the proposed area of research (a research proposal). Consultation with a faculty or school academic staff member in the research area of interest is recommended prior to submission of an application.

## General

Length: From one to three pages is often suitable, depending on the area of research.

Detail: The following outline may be used as a guide. You should consider each of the areas that will be relevant to your research.

Minimum: The recommended minimum requirements are identified with an asterisk (\*).

Applicant name:	
Academic contact/s:	
Research topic/title:	

## Research topic/title\*

An initial working title should be provided and should describe the content and direction of your project. For example: *A template for assisting research students in the development of a research proposal.*

## PROJECT DESCRIPTION

### Background

What is already known or unknown? Set the scene.

### Aims\*

What do you want to know, prove, demonstrate, analyse, test, investigate or examine?

List your project aims in a logical sequence. For example:

The aim of this project is to:

- a) Provide an outline of a research proposal
- b) Enable a prospective student to prepare a research proposal

### Methodology\*

How do you anticipate you will achieve these aims?\*

What do you need? (specify any special equipment, software or material)

Can you access necessary data or expertise?

Do you require particular resources?\*

Are there barriers or pitfalls?

Does the project involve human ethics, animal ethics or safety implications?

Is travel or fieldwork required? If so, where to, how long and at what intervals?

### Expected outcomes, significance or rationale

Why is it important?

What do you expect it will deliver?

What are the expected outcomes?

Establish the importance of your project by highlighting its originality or why it is worth pursuing. Highlight the benefits, positive expected outcomes or innovative applications of knowledge.

### Timetable\*

Indicate the timeframe for each broad stage considering literature surveys, data collection, production, modelling, review, analysis, testing, reporting, chapter and thesis writing, and thesis submission date.

## 20. Declaration

I hereby apply for enrolment in accordance with the Act, By-law, and Rules of The University of Newcastle and declare that:

- I understand that I must enrol in courses that comply with the requirements of the degree program to which I have been admitted
- I authorise the University to release information regarding my enrolment to Government agencies in accordance with legal requirements
- I understand that failure to pay fees and charges owed to the University or its partner organisation by the due date may result in my access to University services being restricted, the cancellation of my enrolment and/or action to recover any remaining debt
- I certify that all information and documentation supplied by me to the University is true, accurate and complete
- I consent to the collection, storage and disclosure by the University, Universities Australia (UA) or any UA member institution of a record of any such information or any other irregular activity that may be considered to be untrue or misleading in any respect
- I agree to comply with the rules, policies and by-laws of the University of Newcastle
- I acknowledge and accept that the Code of Practice for Research Higher Degree Candidature describes the respective rights and responsibilities of both parties and forms the basis of understanding and commitment between the two parties

- I agree to abide by the Code of Practice for Research Higher Degree Candidature
- I understand that agreement to all of these terms is a condition of my enrolment at the University of Newcastle.

Informed consent:

- I understand that the University of Newcastle is collecting the information in this form for the purpose of assessing my entitlement to Commonwealth assistance under the Higher Education Support Act 2003, and allocation of a Commonwealth Higher Education Student Support Number (CHESSN) to me
- I understand that the University of Newcastle will disclose this information to the Department of Education, Employment and Workplace Relations (DEEWR) for the above purposes and that DEEWR will store the information securely in the Higher Education Information Management System (HEIMS) and that the information may be used in connection with the National Data Collection on University Applications and Offers and/or other collections as DEEWR may lawfully require from time to time
- I accept that DEEWR may disclose the information to the Australian Taxation Office (ATO), and that the University of Newcastle will not otherwise disclose the information without my consent unless required or authorised by law.

In signing this form you are agreeing to all of the above conditions. Giving false or misleading information is a serious offence under the Criminal Code (Commonwealth).
