

# Application for a WIKI page

The campus has its own WIKI server at <https://infrawiki.newcastle.edu.au> and it is also available to host WIKI pages for research projects.

## How do I register to get a WIKI created?

To have a WIKI page set up of your research group, please provide the following information in an email to [17000@newcastle.edu.au](mailto:17000@newcastle.edu.au)

- Mention that you need a WIKI page set up
- The name of your research group (this will be the WIKI URL name)
- Primary Contact: Full Name , Login Name & Email address
- List of all staff and student users that will require login access to the WIKI page

## Where can I find further information about the WIKI?

The web site <http://www.dokuwiki.org/dokuwiki> contains documentation about how to create and maintain WIKI pages.

## Who do I contact if I have any further problems?

Please contact the University IT Service Desk at x17000 or by emailing [17000@newcastle.edu.au](mailto:17000@newcastle.edu.au) with the details of your problem.
